Approve (it references a graduate component, but we have not seen that proposal. It seems both would need to be submitted).

Approve (it references a graduate component, but we have not seen that proposal. It seems both would need to be submitted).

Approve for 1 hour course, needs functional review approval. Should be reviewed for fiscal concern-teaching over the summer would require additional costs.

Approve; suggested that they use "instructor permission required" instead of determining ability to match pitch on the first day of the course.

Approve; Need to mark Prerequisite change on first page and add the deleted prerequisites to #9; (BIO 2504 or FNRL 2214) & BIO 2604

Approve; remove the check and description for "Concurrent enrollment change" on first page. This is only a prerequisite change.

Approve

Approve; need to delete the comments in "existing" and "proposed" on #9; the change is for student standing and is reflected in #14.
