

# STLR ACHIEVEMENT LEVEL DESCRIPTIONS

## Research, Creative & Scholarly Activities

**Transformation:** The student provides strong evidence of a learning experience that resulted in profound growth or a major shift in values, beliefs or perspectives in the tenet(s), and this may be evident through changes in behavior, speech, or ability.

**Integration:** The student can clearly articulate an understanding of the learning activity as it relates to the tenet(s) and its value for her/his life. The student is questioning, planning, or beginning to expand upon previously held understandings of self, community, behavior or environment.

**Exposure:** The student displays a willingness to learn and grow by participating in the activity. She or he has an awareness of her or his current perspectives related to the tenet(s) and may be developing an understanding of what the tenet(s) entail(s).

Tenet	Transformation	Integration	Exposure	Not Achieved
 <p>Research, Creative &amp; Scholarly Activities</p>	<p>The experience prompted a major shift in the student's perspective about the unknown, such that she/he now values curiosity, seeking answers, multiple methods for solutions, risk-taking, communicating the complexity of multiple view-points. The student may have developed a new identity as a researcher, artist, or scholar producing new knowledge or works.</p>	<p>The student can now recognize barriers to seeing her/himself as a researcher, artist, or scholar; she/he has developed a plan to continue expanding her/his identity as a problem solver; and/or the student is starting to expand her/his appreciation of diverse methods, outcomes, and interpretations.</p>	<p>The student was exposed to primary research, scholarly activity in their field of study, or creative works; and/or the student can articulate the connection between the learning experience and some aspect of the research, creative or scholarly activities tenet.</p>	<p>The student has not <i>yet</i> provided evidence of openness to or awareness of the concepts listed in exposure for this tenet.</p>
