FNRL 1211 - Orientation To Funeral Service
This course addresses education in the funeral service program, embalming, state boards, and regulations related to the funeral service profession. Prerequisite(s): Enrollment first semester with declared major of Funeral Service.

FNRL 2214 - Intro Human Anatomy/Dissection
This course is a study of the basic concepts in human anatomy, function and design through lecture presentation, and of anatomical structure identification through dissection and laboratory observation using cadavers. Credit may not be earned for both FNRL 2214 and BIO 2504. Prerequisite(s): One college course in general biology. Concurrent enrollment in FNRL 2214L is required.

FNRL 2214L - Intro Human Anatomy/Dissection
This is the laboratory course that accompanies FNRL 2214. Prerequisite(s): One college course in general biology. Concurrent enrollment in FNRL 2214 required.

FNRL 2313 - Contemporary Funeral Service
This course covers the contemporary principles of funeral directing, cremation, and modern funeral issues. It includes the study of funeral merchandising, crematory management, legal issues, disposition of human remains and current practices in the profession.

FNRL 3054 - Embalming Chemistry
This course surveys the basic principles of chemistry as they relate to funeral service. Emphasis is placed on the precautions involved in disinfection, temporary preservation, and restoration of dead human remains before, during and after embalming. Federal government safety regulations are reviewed. Prerequisite(s): CHEM 1014.

FNRL 3204 - Embalming
This course surveys the process of chemically treating the dead human body to reduce the presence and growth of microorganisms, temporarily inhibit organic decomposition, and restores bodies to an acceptable physical appearance. The subject includes the study of the phenomenon of death in the human body. Prerequisite(s): FNRL 1114.

FNRL 3304 - Restorative Art
This course introduces the student to the materials and techniques of creating an acceptable physical appearance of the deceased for the benefit of viewing by the surviving family and friends. Concurrent enrollment in FNRL 3304L is required.

FNRL 3304L - Restorative Art Laboratory
Laboratory sections involve applying procedures and anatomical restoration and cosmetics application to the deceased for the purpose of creating an acceptable physical appearance. Students must enroll in FNRL 3304 and FNRL 3304L concurrently.
FNRL 3374 - Funeral Home Management I
This course covers the principles and practices of funeral home operations, funeral directing, record keeping, merchandising, and personal and professional ethics.

FNRL 3383 - Funeral Service Statutory Law
This course deals with statutory laws and legal medicine as pertaining to the funeral service profession.

FNRL 3393 - Mortuary Jurisprudence
This course covers the principles of business law dealing with corporate structure, and property ownership, and the rules and regulations pertaining to survivor benefits relating to the practice of funeral service.

FNRL 3433 - Introduction To Pathology
This course is a study of the general concepts in pathology, and covering disease processes to include pathogenesis, etiology, lesions, and pathological changes for diseases of specific organ systems and pathogenic agents. Prerequisite(s): BIO 1114.

FNRL 3483 - Psychology of Grief
This course provides a survey of bereavement behavior in American society, including historical and cross-cultural perspectives. This course includes an evaluation of human grief and its implications for coping strategies.

FNRL 3493 – Funeral Service Communication
This course introduces the student to the art and science of effective communication skills within the funeral service profession. Prerequisite(s): FNRL 3483.

FNRL 3513 – History of Funeral Directing
This course deals with the history of funeral directing from ancient to modern times and professional and educational associations involved in the funeral service profession.

FNRL 4118 - Practicum in Embalming & Funeral Directing
This course provides practical experience in embalming and funeral directing in a mortuary or funeral home environment under the supervision of a licensed embalmer and/or funeral director. It includes active participation in at least ten cases of embalming of human remains and the planning and directing of ten or more funerals. This course is the capstone course of the major. It is to be taken only after all other FNRL courses have been passed, except the co-requisite, and is to be taken in the semester prior to graduation. Prerequisite(s): All required degree courses of major with exception of corequisite FNRL 4522 and senior standing. Enrollment open to Funeral Service degree and certification majors only.

FNRL 4214 - Funeral Home Management II
This course covers the principles and practices of funeral home financial management, critical issues in funeral service, cremation, cemetery, crematory management and sociology. Prerequisite(s): ACCT 2223 or ACCT 2113. Enrollment open to funeral service majors only.
FNRL 4522-Board Review
This course involves preparation for state and national board examinations in Funeral Service. It is to be taken during the semester prior to graduation. Students will take the National Board Examination as a requirement for this course after all other Funeral Service major requirement courses have been taken except FNRL 4118 Practicum in Embalming and Funeral Directing. Prerequisite(s): All required degree courses of major with exception of co-requisite FNRL 4118 and senior standing. Enrollment open to Funeral Service degree and certification majors only.
