## UCONNECT Guide

*Home Page*

---

May 2016 – v2

### DAILY CENTRALITIES

Keep up to date on campus news and announcements with the university's official internal source of information. This RSS feed-based portlet allows you to view the last five daily Centralities messages or visit the archive for older messages. You can expand the Centralities page within the portlet by clicking the + sign or you can open the page in a new window by clicking on the link.

### UNIVERSITY ANNOUNCEMENTS

View important announcements from the university which are managed by the University Communications office. You can collapse, expand and hide messages within this portlet.

### IMAGE OF THE WEEK

Here Photographic Services provides interesting, current scenes from across the campus that are automatically replaced on a regular basis.

### DID YOU KNOW

University Communications manages this portlet which presents interesting images and facts about campus life and UCO history.

### LEARN@UCO NEWS

Single-sign-on access to Learn@UCO, the university's Learning Management System, is displayed here including recent news, access to the user's courses, dashboard, and resources. Since you have already logged in to UCONNECT through the university's CAS system, when you click on a link that points to learn.uco.edu you are not required to log in again.

### TODAY'S MENU

This portlet displays menus and information for Central Station and Chartwell's dining locations. The Central Station menu will display automatically in the portlet during the Fall and Spring when Health and Environmental Services courses are in session. See the "Learn more about..." link for more information.

### IT SYSTEMS MAINTENANCE SCHEDULE

This portlet helps you to know when important IT systems will be down for scheduled maintenance so you can plan your work schedule accordingly. Regularly scheduled downtime generally occurs on Sunday mornings. This RSS feed-based portlet displays the dates and times of the next five IT Maintenance windows and provides a link to the OIT maintenance web page for more information.

### UCONNECT NEWS

The new UCONNECT is quite different from the old UCONNECT. This portlet will help you learn the new features of the system as well as inform you of new features to be added in the future.

### STUDENT IMAGE OF THE WEEK

In this portlet Photographic Services showcases student submitted photographs from around the campus and at campus events. They are automatically updated on a regular basis.

## CONTACT INFORMATION
