Speech-Language Pathology, M.S.

The master's degree in Speech-Language Pathology is designed to complete the academic and practical preparation of individuals seeking the professional credentials for working with persons who exhibit disordered communication, including prevention and treatment. The program is designed to prepare individuals to serve in a variety of professional settings and with a variety of populations. The program offers a professional speech-language pathology degree that will provide graduate students with the knowledge, skills and clinical education necessary to satisfy requirements for the Oklahoma State Department teaching certificate, the Oklahoma Board of Examiners license, and the American Speech-Language-Hearing Association Certificate of Clinical Competence in Speech-Language Pathology. This program is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association*. Program objectives are met by ensuring students meet the 2014 Certification Standards found at: http://www.asha.org/Certification/2014-Speech-Language-Pathology-Certification-Standards/.

Basic courses in normal and disordered human communication completed either as part of the undergraduate major or as graduate prerequisites, must precede application for admission to the graduate program. Specific prerequisite requirements are elaborated in the application packet linked through the SLP page at http://www.uco.edu/ceps/dept/Education-Programs/apss/slp/index.asp under "Enrollment and Admissions." Upon admission to the graduate program, students complete graduate level courses to further their understanding of normal and disordered human communication. Ultimately, students apply this knowledge in accumulating a minimum number of practicum clock hours and demonstrate competencies in prevention, assessment, and treatment across a variety of disorders, settings, and populations. The Speech-Language Pathology graduate program consists of six consecutive, sequential semesters, beginning in the summer semester. Completion of this degree requires 400 clinical clock hours and 46 academic graduate hours. Additional information about the program can be found on the Speech-Language Pathology web page: http://www.uco.edu/ceps/dept/Education-Programs/apss/slp/index.asp

Application Deadline: January 31 to be considered for the following summer semester. In order for an application to be considered, all items must be received by or postmarked no later than January 31. This program begins in the summer semester.

Admission Requirements

Admission to the Speech-Language Pathology Graduate Program is competitive. Due to the requirements of the clinical program, only a finite number of students will be admitted into the program each year. Admission rates and characteristics of admitted students can be found on page 3 of the application packet under 'Enrollment and Admissions' on the web page: http://www.uco.edu/ceps/dept/Education-Programs/apss/slp/index.asp. Candidates must also understand that Speech-Language Pathology is an allied health and educational profession that may require additional immunizations and background checks.

Application deadline: Postmark on or before January 31.

• Students with a native language other than English must submit evidence of English language proficiency. See Admission to Graduate Studies - English Language Proficiency (p.15).

Only completed application files will be considered for admission. Once all application materials have been reviewed and interviews conducted (optional for applicants with completed application files), the program director will notify applicants of admission status. All acceptances or rejections of offers to attend the UCO Speech-Language Pathology Graduate Program must be submitted by the deadline date, April 15th. Pending any openings after that date, alternates will be notified of any change in status. Only after being accepted and admitted to the Speech-Language Pathology Graduate Program will the Jackson College of Graduate Studies (JCGS) complete the student application for admission as a graduate student. It is important to remember that this is a competitive process as we have more applicants than positions available.

Post Admission Requirements

• Plan of Study. Each student must file a plan of study with his/her graduate program advisor and the Jackson College of Graduate Studies by the end of the first semester of graduate work. The plan must be signed and dated by the student and the graduate program advisor before it can be considered official.

• Academic Standards. Meet the following course work standards:
  ◦ Overall GPA of 3.00 or higher.
  ◦ No more than six hours of "C".
  ◦ No more than three course grades of "C", regardless of hours.
  ◦ No more than six advisor-approved hours from traditional correspondence courses.

• Final Requirements. Apply for graduation through the JCGS by advertised deadline.

• Practicum. Training in the Speech-Language Pathology program requires five semesters of practicum. During practicum, students provide services to a diverse clientele in approved settings. Initial practicum meetings are held prior to each semester’s practicum placement and weekly throughout each semester to provide information to students about the practicum and provide ongoing support and information concerning clinical issues. All students enrolled in practicum must attend stated practicum meetings.

• Before a student may be placed in an off-campus medical or educational practicum setting he/she must have achieved a "B" or higher in the practicum course immediately prior.

Practicum Requirements

Once accepted to both the program and the Jackson College of Graduate Studies (JCGS), students must complete a number of professional requirements and obligations that may incur costs.

Requirements:
1. Completed and documented 25-30 hours of observation of Speech-Language Pathology clinical services.

2. Pass the UCO Bloodborne Pathogen Training.

3. Purchase Student Liability Insurance (Estimate of $30 annually).

5. Complete an OSBI background check - completed when indicated by the Clinical Director. (Estimated range from $40 to $70).

6. Complete Drug Testing (Estimate range from $59 to $125) - completed when indicated by the Clinical Director.

7. Current CPR certification as an American Heart Association Health Care Provider, completed when indicated by the Clinical Director. (Estimate $49).

It is the responsibility to complete all medical testing and immunization as directed by the Clinical Director. It is the student’s responsibility to provide transportation to off-campus clinical sites, doctor offices, hospitals, and educational seminars related to clinical education. Access to transportation is required to complete the clinical courses and is estimated at approximately $150 per semester.
